

# WDXL-60S20W

## Features

\*Harness: Leadwire

- 8.8" to 51.3" lengths available
- CREE high power LED (XTE)
- Long distance projection
- Die-cast aluminium housing for ultimate durability and protection
- Vertical heat sink designed for superior heat dissipation
- TIR lens adopted to maximize optical efficiency
- Waterproof connector available
- L type bracket

## Specification

|                       |                                |
|-----------------------|--------------------------------|
| Wattage               | 18W                            |
| Input voltage         | DC10 ~ 36V                     |
| Current draw          | 1.5A (@12V)                    |
| LED Qty               | 4                              |
| Color temperature     | 3000K/5000K/5700K              |
| Raw lumens            | 1900lm                         |
| Actual lumens         | 1300lm                         |
| Beam angle            | 5° (V), 10°, 20°, 30°, 80° (H) |
| Housing color         | Black                          |
| Operating temperature | -40° C ~ +80° C                |
| IP rating             | IP69K                          |
| Vibration rating      | 30G                            |
| Lifespan              | 50000 hrs                      |
| Length                | 224mm (8.82")                  |

## Driving Light Beam Pattern (@ Beam Angle 10°)
